

BARKLEY PLASTICS

Policy Statement Part 1 – Quality

Barkley Plastics Limited recognises that the quality of its products and services, represent the business ability to demonstrate high customer satisfaction.

It is the aim of Barkley Plastics Limited to produce high-quality, world-class mouldings and assemblies that delight our customers and provide benefits for product consumers.

- Barkley Plastics are committed to comply with the requirements of its standards (ISO9001:2015) including any customer specific requirements and will continue to improve the effectiveness of its Business Management Systems.
- Both short- and long-term objectives for all areas of the business are documented within the company's formal Business Strategy, maintained by the Managing Director. Objectives shall be regularly reviewed and updated via business review meetings held by senior management.
- Barkley Plastics Limited is dedicated to its status as a leading manufacturer of plastic mouldings and assemblies.
- To this end, Barkley Plastics Limited will strive to build business partnerships with customers and suppliers to create mutual prosperity.
- Barkley Plastics Limited will seek excellence in achieving our goals through investment, continuous improvement, innovation and developing our people.

All employees and contractors are expected to co-operate with Barkley Plastics Limited in the implementation of this policy document.

This Quality Policy statement will be prominently displayed on site and made available to the public and other interested parties upon request.

The Quality Policy document is continually being monitored and developed and may be subject to changes due to changes in working practices, customer requirements or the standards applied for. The policy documents will be formally reviewed on a regular basis.

Signed: 

Managing Director
